Question 1:

Requiring Commercial Gaming Revenues that are for Public Education to Supplement Spending for Education in Public Schools

The amendment requires the Governor to include in the annual State Budget, as supplemental funding for prekindergarten through grade 12 in public schools, the revenues from video lottery operation licenses and any other commercial gaming dedicated to public education in an amount above the level of State funding for education in public schools provided by the Bridge to Excellence in Public Schools Act of 2002 (otherwise known as the Thornton legislation) in not less than the following amounts: \$125 million in fiscal year 2020; \$250 million in fiscal year 2021; \$375 million in fiscal year 2022; and 100% of commercial gaming revenues dedicated to public education in fiscal year 2023 and each fiscal year thereafter. The amendment also requires the Governor to show in the annual budget how the revenues from video lottery operation licenses and other commercial gaming are being used in a manner that is in addition to the level of State funding for public education provided by the funding formulas established by the Bridge to Excellence in Public Schools Act. The State Constitution currently authorizes video lottery operation licenses for the primary purpose of raising money for public education.

Question 2:

Same-Day Registration and Voting at the Precinct Polling Place on Election Day

Authorizes the General Assembly to enact legislation to allow a qualified individual to register and vote at a precinct polling place on Election Day. The current law requires voter registration to close before Election Day.
